SEVERAL SERBIANS SEIZE HILL BY STORM

BOTH NAMED BY SANTA FE CONVENTION

Republicans of New Mexico End Spirited Convention Fight With Harmony.

BURSUM IS NAMED BY ACCLAMATION

Romero Pledges His Support For Bursum and Catron For Hubbell.

BY GUTHRIE SMITH
SANTA FE, N. M., Aug. 24.—H. O. Bursum for governor, and Frank A. Hubbell, for United States senator, were nominated by the state Republican convention here today. Bursum's vote being 142 and Hubbell's 135. On motion of Secundino Romero seconded by W. G. Sargent, both rival candidates, the nomination of Mr. Bursum was made unanimous.

Hubbell's opponents for the nomination failed to develop strength sufficient to carry the balloting beyond the first period of voting. Catron received 96 votes and Reynolds 34.

It was not until 3:40 this morning that delegates and voters were untangled, complete order was established and the convention got down to business.

Chairman Hernandez announced that the vote on adjournment as was first given last night was correct.

Hubbell Put in Nomination.

Judge R. P. Barnes, of Bernalillo, placed Hubbell in nomination. He declared that Hubbell's nomination was spontaneous and not made under the lash and by a handpicked delegation. That he had acquired his wealth not by taking from his neighbors, but by taking toll of the toll of nature's products, that are free to all.

Reynolds' Name in Nomination.

Reynolds was nominated by Eugene Kempenich, of Valencia. The speaker declared Reynolds has made a distinguished name for himself. That he has made his name a synonym for integrity, justice and impartiality.

Grows Eloquent for Catron.

A. B. Renshaw put Catron in nomination in a fitting oration. He declared Catron as a faithful son of Mars, hero of a hundred battles, and one who never has fled from foe. He denounced the raising of the race issue, even when it is done for the purpose of declaring Catron to be fitted and qualified as no other man is. He reminded the delegates that the Republican party may be beaten in New Mexico if the best men are not nominated. He urged the convention to select a man who could not be defeated and whose nomination might well defeat the other.

When the delegates were called to order, the speaker declared that the hands of one against whom attacks already have been made and whose nomination might well defeat the other.

Bursum Put in Nomination.

William J. Eaton, of Socorro, nominated H. O. Bursum for governor, characterizing him as a man whose ability as a constructive statesman and whose intimate knowledge of the needs of all the people make him the most desirable man for governor of New Mexico.

He asserted that Bursum was beaten five years ago through a merciless campaign of misrepresentation, but this time would be elected by a big majority.

There was a demonstration at the close of a strong speech, seconded by J. L. Crile of Chama.

Romero's Name Put in Nomination.

Judge David J. Leahy, of San Miguel, placed Romero's name before the convention. He said that other counties send greetings but on election day San Miguel sends Republican majorities. Romero, the speaker declared, is a native citizen, 100 percent American, and of integrity always above reproach, and whose record cannot be assailed.

Prince Nominates Sargent.

Former governor Prince, of Rio Arriba, nominated W. G. Sargent, who is now state auditor, and mayor of Santa Fe. Prince described Sargent as a man who has not a political enemy in the whole world, and who would receive every Republican vote in the state.

Uproar is Started.

There was repeated uproar of stamping of feet during the latter part of this speech, which lasted more than 30 minutes.

The audience was extremely restless and the chair found it impossible to preserve order or quiet.

In response to demands of Catron and Spies, chairman Hernandez threatened to call in the police force.

Bursum Restores Order.

Bursum came to the rescue by declaring that all speakers were entitled to respectful consideration and appealed to the assembly to be quiet. Silence then prevailed.

Bursum by Acclamation.

Secundino Romero's motion, seconded by Sargent, made Bursum the nominee by acclamation, and for the second time the standard bearer of the Republican party was named on the first ballot.

DEUTSCHLAND IS SAFELY IN PORT

Commander Koenig of Submarine and Others of Crew To Be Decorated.

Berlin, Germany, Aug. 24.—The German merchant submarine Deutschland is safely in port, according to an announcement by the Overseas News agency. The submarine arrived at the mouth of the Weser river Wednesday, the announcement says. All on board were well.

The Deutschland arrived at Baltimore from Bremen on July 3 with a cargo of dyestuffs and mails. Her arrival was hailed in Germany as the beginning of a regular submarine merchant service between the United States and Germany, which would be able to defy the British blockade.

It was announced that she would be followed shortly by the Bremen, a sister ship.

The Deutschland left Baltimore on her return journey August 1 with a cargo of rubber and metal.

Emperor William has sent the following telegram to the owners of the submarine:

"With sincere pleasure, I have just received news of the safe return of the submarine liner Deutschland. I heartily congratulate the owners and holders of the vessel and the brave seamen under Capt. Koenig's command."

The message also expressed the intention of the emperor to bestow decorations on the Deutschland's personnel.

CATHOLICS FLAY WILSON'S POLICY

Resent Statements Attributed to President as Unwarranted Reflections.

New York, Aug. 24.—The German Roman Catholic Central Verein, in its closing session here Wednesday night, adopted a resolution sharply criticizing president Wilson for having "preferred charges" in his message to congress "against part of our citizenship who theretofore enjoyed the proud distinction of unquestioned loyalty and patriotism."

The resolution, presented by a committee headed by Joseph Matt of St. Paul, Minn., was as follows:

"Without precedent in the history of our country we find the president of the United States publicly—in his official message—preferring charges against a part of our citizenship who theretofore enjoyed the proud distinction of unquestioned loyalty and patriotism."

"We regret this utterance and deplore its effects, especially in view of its general character without substantiating facts, as such utterances coming from such high sources are calculated to foster unfounded suspicion and mistrust of a large element of our American people and imperil the consummation of a program of social efficiency in our country."

Alphonse G. Koebke, president of the United German Societies of America in a speech urging the passage of the resolution, declared:

"We have been accused of being false to the flag, the flag for which we bled and died. Although I play as safe as any one, I am in favor of turning against this infamous attack on our character."

COTTONSEED CRUSHERS DENY COMBINE; ASK PROBE

Austin, Tex., Aug. 24.—An important conference was held today by Capt. J. W. Allison, of Dallas, with attorney general Leoney, and assistant attorney general C. A. Swenson, the latter in charge of the anti-trust matters of the department.

Capt. Allison is chairman of the publicity bureau of the Texas Cottonseed Crushers' association and has inaugurated a campaign to disabuse the public mind relative to charges that the cottonseed crushers are in a combination or have an agreement to fix the price of cottonseed.

After the conference, it was ascertained that Gen. Leoney told Capt. Allison that unjust charges will fall flat, consequently he will not devote his time to probing these allegations against this organization.

Entente Center Repels Attacks.

The entente center has been subjected to attacks but the French statement announces that these have been easily repulsed. No forward movement is reported by the entente forces in this region, which includes the Vardar valley, up which it has been thought probable the main offensive movement would be pushed, but the entente artillery is notably active, particularly in the lake Doiran region.

Rumania's Attitude Uncertain.

Berlin dispatches indicate that Rumania's attitude is still considered by the central powers as decidedly uncertain, while news from other sources gives no clue as to whether her entry into the war on the side of the entente is imminent.

Skinner, American consul general, as to the cause of the seizure of the American fishing schooner Maxine Elliott and Lizzie Griffin, which were fishing off the coast of Iceland and were taken into Lerwick, Shetland islands, by a British patrol boat.

The belief is expressed that the schooners are the victims of the general policy which Great Britain is apparently adopting toward neutral fishermen in an effort to induce them to sell their catches to the British rather than to dispose of them in quarters through which they might reach Germany.

GERMANS DENY BULGARS WAGE WAR AGAINST GREECE

Berlin, Germany, Aug. 24.—(By wireless to Sayville, L. I.)—The prevailing opinion in political circles in Berlin regarding the operation against Gen. Sarraff's forces in Macedonia, says the semi official Overseas News Agency today, "may be condensed into the statement that the movement is an offensive defense."

"As a matter of fact," adds the news agency, "Gen. Sarraff's army has been shelling for months Bulgarian villages and lands where Bulgarian crops were growing, and the only means to bring about a change was to drive this army from its position. Therefore, the present operation is directed not against the sovereignty and territorial rights of Greece, but rather to defend them against Gen. Sarraff, who was continuously violating these territorial rights by making Greek soil a base of military operations."

AWAIT WORD FROM MEXICO BEFORE ARRANGING PARLEYS

Washington, D. C., Aug. 24.—Word from Mexico City is awaited at the state department before fixing a definite date for the first meeting of the joint American-Mexican commission to discuss border problems.

It has been tentatively decided, however, by secretary of state Lansing and Eliseo Arredondo, Mexican ambassador, that the commissioners should meet at some place on the New England coast during the first week in September.

There is no question in the minds of officials that the withdrawal of American troops will be taken up as a preliminary subject before the drafting of a protocol covering future border operations. The third subject outlined for discussion by Gen. Carranza is an investigation of the interests behind border raids.

PENROSE ATTACKS TAX ON WAR MUNITIONS

Washington, D. C., Aug. 24.—Senator Penrose, continuing his attack on the emergency revenue bill in the senate today, declared that instead of growing the nation, the bill would have gone bankrupt. Assailing the proposed tax on manufacturers of munitions, the senator added:

WASHINGTON, D. C., Aug. 24.—After continued conferences today between president Wilson and the select committee of railroad executives, the situation surrounding the threatened strike was described as having narrowed down to the following:

The railroad presidents, at least the select committee of eight, are willing to accept the eight hour day insisted upon by president Wilson and the trainmen.

Want Freight Rate Increase.

In return they ask that they be assured, as fully as possible, that all proper support be given and proper means be used to ensure them a freight rate increase from the interstate commerce commission.

They ask also that congress create a permanent board or commission similar to the Canadian commission to handle future labor difficulties. A commission of this character would be empowered to investigate when labor troubles threaten and no strike could be called or strike vote taken pending investigation. A full report of which would be made public at its conclusion.

Arbitration Suggested.

At the end of the investigation arbitration would be suggested but, if not accepted, opportunity would be given to the men to take a strike vote. The balloting would be secret.

Outlook More Hopeful.

Half a dozen of the Burlington, Daniel Willard, of the Baltimore and Ohio, and R. S. Lovett, of the Union Pacific, the subcommittee, which has been dealing with the problem for the last two days, went to the white house shortly before 1 o'clock and refused to make any statement before seeing the president.

After the conference it was said the outlook was "more hopeful if anything."

The president sent for the executives to acquaint them with the progress being made by him in dealing with the problem suggested at previous conferences.

Employees Are Satisfied.

The railroad proposals were communicated today by commissioner Chambers of the federal board of mediation to the representatives of the men who apparently regard them favorably. The chairman then reported to president Wilson and a subcommittee of railroad executives was summoned to the white house.

President Wilson is understood to feel some sympathy for the counter demands of the railroads and not adverse to hastening the settlement. It is expected, however, that a vote of the labor representatives here must be taken before they can receive the necessary endorsement.

SAYS MILLIONAIRE RECLUSE IS FATHER OF HIS GIRLS

Chicago, Ill., Aug. 24.—Joseph Burnstein, a junk dealer, in federal court Wednesday, told federal judge Landis that Edward W. Morrison, a millionaire recluse, was the real father of Burnstein's two daughters, Anna, aged 18, and Alice, 16 years old, were adopted by Morrison about a month ago, and have been making their home with him since that time.

Burnstein said his wife confessed to him on her death bed that Morrison was the father of the girls.

The millionaire, who is nearly 80 years of age, denied the accusation. His reason for adopting the girls, he testified, was because their mother had pleaded with him, when she was taken ill, to care for them. He had known them all their lives, he said, and was fond of them.

Morrison attended his wife's funeral with him in June. Burnstein testified, "I told him of my wife's condition. Morrison said: 'Very well, I'll fix it up with you.'"

The judge Landis was a petition to appoint a receiver for Morrison's properties, which have been variously estimated in value from \$2,000,000 to \$5,000,000.
